All Tuned Up For A Hop To Paris And Back

COMMANDER BYRD, whose three-motored Fokker monoplane America is shown above, now plans to fly to Paris, snatch a few hours sleep, test the engines, fill up the gas tanks and fly back to New York again. He delayed his attempt at third transatlantic flight in order to greet Lindy on his return.

FINAL TEST IS MADE OF PLANE FOR LONG TRIP

By EARL L. SHAUH
(By Universal Service)
NEW YORK, June 18.—Storms over the north Atlantic have again delayed Commander Richard Byrd's proposed flight to Paris.
"I positively will not take off tomorrow and the weather looks bad for a takeoff even Monday," he said this evening.
Plane Tested
The plane has been fully tested and inspected and is ready. The crew is restless and eager to go.

Interest in the flight today centered about the identity of the fourth man who will be aboard the craft. Byrd said today that it will be a man and that all the women who have been begging him to take them will have to wait.

Search For Kip Held Fruitless

RENO, Nev., June 18.—If Leonard Kip Rhinelander is in Nevada, as many people here believe, he is in seclusion on a ranch and has made himself inaccessible to visitors.

A check was made in Tonopah, Carson City, Sparks, Minden and Virginia City. The inquiries brought nothing affirmative. Many persons dodge publicity while in Nevada awaiting a divorce by taking up residence on an outlying ranch, and Rhinelander, it is believed, is doing the same thing.

The general belief is that he plans to establish legal residence and then sue for a divorce from Alice Jones, Mulatto daughter of a New Rochelle, N. Y., taxi driver, whom he married three years ago.

Elverda Milnes Becomes Bride of John Peterson In Beautiful Ceremony

A garden arbor covered with sweet peas in three shades of pink against a dark background of fern provided a most beautiful and appropriate setting for the marriage of Miss Guyila Elverda Milnes, daughter of Mr. and Mrs. G. E. Milnes, of 415 Thirtieth street, to John Peterson of Richmond, at a beautiful ceremony last night at the home of Dr. Thelma Holtz, sister of the bride, at 3123 Roosevelt avenue, Mira Vista.
Rev. C. G. Lindemann, pastor of the Wesley Methodist Episcopal church, performed the ceremony. The bride was given away by her father.

Mrs. A. E. Chandler, of Berkeley, played Lohengrin's Wedding March, to the strains of which the bride took her place beneath the flowered arbor. Mrs. Chester Robinson, of Berkeley, sang "I Love You Truly," and other appropriate numbers.

The bride was charmingly dressed in a gown of pink georgette in three delicate shades, matching the general decorations of the bower in which the ceremony took place. Ornaments were edged with a fine filigree of gold work. In her hair Miss Milnes wore a bandeau of pink maline interwoven with orange blossoms. She carried a bride's bouquet of pink sweet peas, also decorated with silk pink ribbons.

Miss Alice Rhodes, bridesmaid for the occasion, was pleasingly gowned in blue in contrast with the bride's colors. The bride's gift to her was a beautiful ring of black onyx in a diamond setting.

Grover Milnes, brother of the bride, acted as best man. The bride's cake was in the shape of a huge heart, forming

Strange Light Mystery Spurs New Hunt For Missing Aces

(By Universal Service)
QUEBEC, June 18.—With the source of the flare lights which were thought to be the presence of Captains Nungesser and Galt, missing French airmen, somewhere in the wilds of northern Quebec, still a mystery, some importance is attached to calculations made last night and reported to parliament house this morning.

The night watchman at Perland tower, between the Shipshaw and Peribonka rivers, today reported on his observations, made with the assistance of a compass, of the lights when they reappeared shortly before midnight. His report proves that the only definite idea advanced regarding the mysterious signals at night, that the lights were from the powerhouse of the Price Brothers station at Chuteaux Gaults, is not borne out.

With the aid of his Alidade compass the watchman shows that the lights are a little west of north from his tower, while the Price Brothers station is to the east.

CAMP IS NAMED TO HEAD LIONS

MIAMI, Fla., June 18.—Irving L. Camp of Johnstown, Pa., was today unanimously elected president of the International Association of Lions clubs in the convention assembled at Miami, Fla.

Mr. Camp was born in Waterbury, Conn., and has since that time lived in New York City. Long Island, N. Y., and Jamestown, Pa., where he now resides.

He began his business career as a clerk in his father's retail coal yard, and since then has devoted his entire time to either the production or distribution of coal. Mr. Camp is president of the Producers Coal & Coke company of Johnstown, Pa., and is an officer or director of other coal mining and distributing companies. He has also served as director of important political, charitable, social and civic bodies in both his city and state.

The newly elected president of the Methodist church, Masons, Odd Fellows, and Elks.

President Camp believes that every society owes an obligation, which can be paid only by service to others and he himself is an example of the busy business man leading in civic affairs.

AT HOTEL CARQUINEZ

New arrivals at the Hotel Carquinez yesterday included: Dr. J. Kannelly and wife, San Francisco; Charles Geoghart, Stockton; W. T. Flahbaugh, Brooklyn, New York; P. A. Kempster and wife, New York city; W. G. Potter, Oakland; W. C. Wheeler, San Francisco.

MARY ACCUSED OF PLAGIARISM IN 'SPARROWS'

(By Universal Service)
LOS ANGELES, June 18.—A suit charging plagiarism and copyright violations, which may involve millions of dollars, was filed today against Mary Pickford in connection with her film play, "Sparrows." Minimum damages of \$100,000 and an accounting of the profits of the picture are demanded.

"Sparrows," the complaint charges, is an infringement of copyright upon "The Cry of the Children," described as an original story by Philip Esterson Hubbard. This story, it is asserted, was submitted to Miss Pickford eight years ago, and after being kept a month was returned as "Unavailable."

The suit was filed in United States District court by James M. Sheridan, attorney and co-plaintiff, representing the entire estate of Harry Hyde Flanagan, dramatist and co-author of the Baby Farm story in question.

Elks To Hold Open House On Thursday

Open house for the ladies of Richmond will be held at the Elks club next Thursday afternoon when the clubrooms will be thrown open for their entertainment, Dr. A. B. Hinkley, exalted ruler of the lodge announced yesterday. Affiliation of members of their family with the Elks lodge will not be a prerequisite for admittance.

Under the direction of Ernest Flores, Richmond architect, and Zeb Knott, painting contractor, the clubrooms have been completely gone over and now present an attractive appearance with blue and gold predominating as a color scheme.

The clubrooms will be open to the public between the hours of 2 and 5 o'clock Thursday afternoon. A reception committee, appointed by Dr. Hinkley will greet the visitors.

Big Dance Held By Spanish War Vets

A good attendance was had last night at the dance held in Memorial hall, under the auspices of the Spanish War Veterans and the Veterans of Foreign Wars. Wessinger's orchestra supplied the music. The general chairman of the dance was J. E. Robins.

The little Miss Hansen and Marcelle Stuy were the door prizes.

TO YOSEMITE
Misses Thelma Becker, Flora Barber, and Mary Gilmore have left for two weeks' vacation in the Yosemite valley.

1 NEAR DEATH AS AFTERMATH OF AUTO CRASH

Accident Under Probe By Members Of Local Police Force

One person was killed and four others injured, one perhaps fatally, in a head-on collision between two automobiles shortly after 9 o'clock last night near the Helen's Inn, several miles south of Pinole.

The dead: Joe Vargen, of Hayward.

The injured: A. S. Vargen, of Hayward; severe cuts on head and face; also in a serious condition.

Ed Scott, 14, of Pinole; cuts on face and bruises on body.

Tony Hozero, 19, of Pinole; cuts on face and body.

Antonio Camacho, of Hayward; bruises on body.

The accident occurred when the Ford coupe, driven by Tony Hozero, who was accompanied by Ed Scott, crashed into the Chrysler roadster containing Camacho, Joe and A. S. Vargen, all of Hayward. Hozero's car was driving south on the highway from Pinole, while the machine driven by Camacho was enroute to Crockett.

Passing motorists picked up the injured men and took them to the Abbott Emergency hospital here, where their injuries were treated by Dr. L. St. John Hely.

The collision is being investigated by Official Carl Povennire of the police department.

New West Coast Plan Promotes Chain Spirit

With the hope of promoting a closer bond of understanding between the members of the West Coast Theatres, Inc., which includes the California and Richmond theatres of this city, the organization has issued a new publication, "Now," named because it is so closely identified with the spirit of the theatre.

In a brief message to members of the circuit, Harold B. Franklin, president of West Coast Theatres, Inc., makes the following statement:

"We feel that every member of this organization is an essential part of this enterprise—a cheerful loyalty is the greatest thing that you can give. We would

(Continued on Page 8.)

Old Fashioned Dance Held Big Success

Overalls, bandanas, and gingham aprons vied furiously at the old fashioned square dances enjoyed in Red Men's hall last night. Quadrilles, two steps, schottische, polka, and waltz were given due attention with an old fashioned orchestra consisting of E. E. Gilmore, violinist; Will Long, guitar; and J. L. Barnamen, pianist, "bringing down the house."

Out of the families of J. H. Long and Will Cahoon, both of Richmond, 14 were mustered for the dance. Raymond Cahoon performed as "caller" and with his melodious voice brought back memories of the old days. Arrangements for the evening were under the direction of Oscar Long.

Credit Bureau To Hold Last Meet

The Richmond Credit Rating Bureau will wind up its business for the year at a meeting to be held tomorrow night at 8:30 o'clock at the Hotel Carquinez. It was announced by Mrs. Marie Macdonald Jensen, secretary of the association.

It will be the last meeting of the organization until next September. Talks will be made by well known experts on finance and modern collection.

CREDIT TO THOSE TO WHOM CREDIT IS DUE

This is the first of a series of articles dealing with those agencies in Richmond that are making the city one of the foremost on the Pacific coast, not only as regards industrial progress, but in moral welfare as well.

Due to the large number of agencies that are aiding in this development the order of appearance in which they are treated does not concern the relative value in contribution of each one.

THE RICHMOND POLICE DEPARTMENT
The average citizen does not appreciate the minute study devoted to his welfare by members of the Richmond police department. It is only when he is menaced by some sudden and unforeseen danger that he is thankful that there are blue coated guardians of the law who will fully protect him, and the telephone number Richmond 2500 takes on a new significance.

FRIEND TO ALL

The modern citizen cannot "live to himself alone"—as far as the local authorities are concerned. All residents in the city are carefully indexed. Each patrolman acquaints himself with the people on his "beat" and stands ready to help them.

27 MEN ON FORCE

There are 27 men on the Richmond police force. Each man is a specialist in his line. When there is an emergency each of these men has coordinated his work so carefully with that of his associates that there is no wasted energy—each functions smoothly for the work at hand.

The work of the law enforcer is a difficult one. Criminals conceive of the officer as a natural enemy to be avoided if possible, and if not, to be dealt with as his own conscience dictates. The conscience of some law-breakers rests at the hilt of a .45, ready for action.

If a police officer is killed in the line of duty, there is general mourning for the passing of a brave man, but little appreciation of the fact that every man on the police force is constantly in danger of sacrificing his life for the protection of the city, the greater part of the time.

AN A-1 FORCE

Richmond has one of the best police forces in the nation. The record of each man stands by itself.

At the head of the force is Chief of Police Dan Cox. Chief Cox has worked his way to the top by sheer ability. He began as patrolman in 1915, was made sergeant in 1917, became inspector in 1919, and was made chief in 1924.

The tribute of his own men acknowledges his efficiency.

RICHMOND "CLEAN TOWN"

"Due to the efforts of Chief Cox, Richmond is one of the cleanest towns on the Pacific Coast," Police Captain B. V. Shirley declared yesterday. "It is becoming better all the time."

"As chief of the morals squad Chief Cox has stamped out violations of the Wright Act to the point of near extinction. It is hard to get a drink in Richmond. Those with a burning thirst are forced to resort to other locations to appease that appetite."

Captain Shirley himself as chief of the criminal department tells many stories of experiences with desperate criminals who met their Waterloo in Richmond. Captain Shirley is another example of the self-made police officer. He began as patrolman in 1915, worked up to inspector in 1917, and attained his present position in 1924.

PATROL, TRAFFIC SERVICE

In the patrol service are nine automobiles, three motorcycles, and one pound wagon. An average mileage of 17,500 miles is covered per month.

Acknowledgement is due the traffic department for the manner in which speeding has been reduced during the past two years. Speeding has been cut down by more than one half, and this proportion is constantly being added to.

"FAST WORKERS"

Richmond is noted for its fast-working police department. One instance of this is furnished in the case of Roland Hurd who was apprehended by Patrolman George Bengley, in less than a half hour after he had killed Herbert Vestal. Bengley was wounded by Hurd in a hot gun battle along Tunnel road; the latter killed himself when his means of escape was cut off by the officer.

"Richmond's finest" are by name (and with no notation of what they have done for the city) as follows:

Chief of Police Dan Cox, Captain B. V. Shirley, Inspector Oliver Mylie, Inspector L. E. Jones, Sergeants H. W. Livingston, Charles S. Mahne, Herman A. Messenger, and Ed Jennings, crippled for life in a gun battle, and now chief of the bureau of identification; Patrolmen George Bengley, James H. Blankenship, Robert A. Cox, Allen J. Cundy, Harry C. Donnelly, James S. Eads, Thomas D. Flovd, Frank A. Fray, Charles Hagerdon, Fay H. Hawkins, John Kinstrey, Smith W. Ligon, Ed M. Logan, Edson C. Povennire, Marshall H. Salisbury, Carl S. Schebler, Traffic officers are: Lewis Bradeson, Lester M. Eaton, and Charles E. Haines.

TEETH
Are You Proud to Show Your Teeth?
OR IS your smile cramped because they are not as attractive as they might be? Everyone can better enjoy their smiles if their teeth look right. Consult the dentist listed in the BUYERS' GUIDE of the "Classified" section.

Society and Club News

HILLSIDE CLUB ENTERTAINED BY MRS. HENDRICKS

Mrs. John Hendricks entertained the members of the Hillside club at her home on Marina street, at a 1 o'clock luncheon, followed by an afternoon at cards. Prizes were given to the following: Mrs. G. W. Topping, who took first prize; Mrs. S. G. Little, second; and Mrs. H. E. Stidham, who was awarded third prize.

King's Pigeons Are Auctioned After Poultry Meet

OTTAWA, June 18.—Several pairs of racing pigeons to be exhibited by His Majesty King George V of Britain at the World's Poultry Congress in Ottawa from July 27 to August 4, next, will be sold on the last day of the Congress exhibition by auction and the money realized from the sale given to the local charitable institution selected by the Congress executive.

The pigeons to be sent to the Congress by King George are the best selections from this year's broods at the lofts of Sandringham, Norfolk, England, one of his Majesty's country estates.

Among the 6,000 delegates coming to the World's Poultry Congress from 40 countries, there will be no doubt, be many foreign fanciers.

The stomach is the most abused organ of the body. Yet, it carries on. True, many of those who think they are alive are only half alive. But how much more alive would they be if they gave their stomachs half a chance?

REBEKAHS AND ODD FELLOWS ENJOY DANCE

Development of Northern California's water power was explained by Captain G. B. Edlin to the Rebekahs and Odd Fellows who assembled for the Saturday dance in L. O. O. F. hall. Captain Edlin illustrated his talk with slides. Mrs. B. H. Woodford accompanied by Mrs. Florence Clark gave two vocal numbers. Selections from Hawaii were given by Mrs. Jane Carson on the steel guitar.

One Automobile For Every Five Persons In U.S.

(By Universal Service)

WASHINGTON, June 18.—There is now one automobile in use for every five people in the United States, which statistically means one for nearly each family, according to a census just completed by the Department of Commerce.

A total of 22,137,334 automobiles were registered during the early part of 1927, an increase of 2,086,058 over the figures for 1926.

At the same time the census reveals that there are 27,650,267 automobiles of all types in operation throughout the world.

The United States had approximately 80 percent of the registration. Great Britain is second, France third, Canada fourth, Australia fifth and Germany sixth in the numbers of cars in operation.

Life is represented by circulation. Lack of circulation means stagnation and death. You know that if you tied a string around the end of your finger so tightly that circulation was stopped the finger would die. Well, what happens to the giant blood vessels of your body which are not often cleaned out and freshly supplied with blood because you won't exercise?

'Jutland' Jury To Decide Troopers' Fate

HERE IS THE JURY which will soon be called upon to render a verdict in the case of the fourteen New Jersey state troopers and two S. P. A. men on trial at Lumberton, N. J., charged with manslaughter, as the result of the death of Miss Beatrice May at the Manay farm last December. Timothy Meany, owner of the farm, refused to allow the troopers to examine his milk cattle, and this led to an all-night siege of the property by the troopers, in which his sister was killed. The entire farming community was aroused over the killing. Reading from left to right they are: Benjamin Karrow, Mary E. Wolf, John A. Conover, Harry Britton, Louis C. Stuppin, Robert E. Ely, foreman. Second row: Lela H. Alphaugh, Cyrus Morrow, Alvah Lindberry, Myrtle Johnson, Carlton Durling and Lambert Cronce.

Physical Culture Quickest Way To Clear Complexion

"For the past few weeks, writes Anna T., 'I have been suffering from a series of pimples on my face. I rarely have blemishes of any kind on my skin and I am worried. They seem to have a small sack beneath the skin which does not come to a head.'"

Anna's inquiry is only one of dozens which come to me from time to time. And perhaps in trying to help her I can aid all the others who have asked for advice.

Pimples, as a rule, come from two things: uncleanliness of the skin and impurities in the blood caused by some unnatural element in the human system. Both of these conditions must be relieved before a cure can be complete.

What To Do
Start at the very beginning and clean out your entire system. Watch your diet carefully and eliminate all heavy foods. Avoid chocolate in any form until the condition has entirely cleared away. Eat plenty of fresh fruits. They will act as a natural laxative in cleansing your entire system.

BEACON CHAPTER HOLDS BANQUET, INITIATION

Beacon chapter, Order of the Eastern Star held an initiation last night in Masonic hall. Worthy Master Lela Baker and Worthy Patron J. Lester Wood were in charge of the meeting.

After the initiation a banquet was held under the direction of Mrs. F. P. Morgan.

Chinese May Try Raising Bees

(By Universal Service)
TAKING, June 18.—America's doing it. Why can't we? reads a pamphlet just issued by Mayor Li of Peking in which he urges the cultivation of honey bees.

The methods for keeping bees in the home are divulged in the pamphlet, a booklet which is being distributed gratis to the citizens of the capital.

People in the United States obtain an annual income of two million dollars from the busy workers in their twenty thousand hives, says a pamphlet in best "realtor" style. The Chinese, however, do not appear to be completely sold to the bee idea as yet, and the pamphlet is still in its first edition.

1926 Deaths Lead Year's Births

(By Universal Service)
WASHINGTON, June 18.—The death rate in the United States increased during 1926 while the birth rate decreased, the department of commerce announced today.

In 26 of the 28 states where figures are available fewer babies were born per thousand of population in 1926 than in the previous year. In twenty three of the same twenty eight states the death rate increased.

The highest birth rate was in Florida and the lowest in Montana. Florida also had the highest death rate and Montana the lowest.

Infant mortality rates for 1926 were generally higher. The report discloses, Delaware topping the table with a rate of 92.9 and Oregon being lowest with 51.6 per 1,000.

Mental power depends on nervous vigor. A brainy man must have full of nervous energy. The way to increase nervous energy is physical culture, which is another name for increasing brain power.

Automobile News

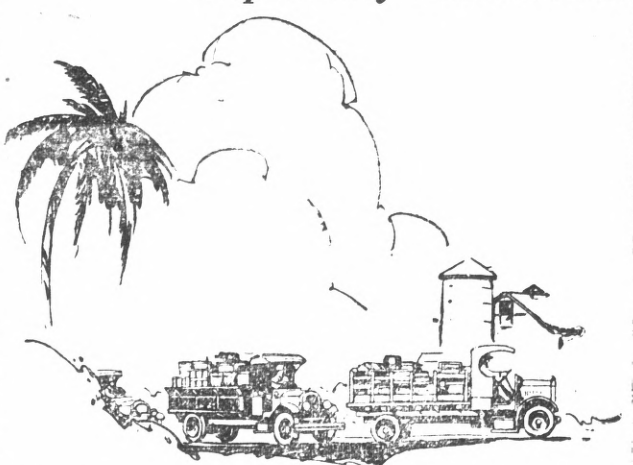

POPULARITY OF WHIPPET HELD IN THE RIDING

With the popularity of the Whippet held in the riding, it is not surprising that this car is being sold in large quantities. The popularity of the Whippet is due to the fact that it is a car which is built for the rider, and not for the passenger. The Whippet is a car which is built for the rider, and not for the passenger. The Whippet is a car which is built for the rider, and not for the passenger.

The low center of gravity construction is a notable feature of the Whippet. This car is built on a low chassis, and the weight of the car is distributed evenly over the four wheels. This gives the car a low center of gravity, and makes it a very stable car. The Whippet is a car which is built for the rider, and not for the passenger. The Whippet is a car which is built for the rider, and not for the passenger.

The Toledo manufacturer claims that the unusual popularity of the Whippet is due to the fact that it is a car which is built for the rider, and not for the passenger. The Whippet is a car which is built for the rider, and not for the passenger.

California Highway Traffic Reported by Farm Bureau

12,000,000 tons of farm products

Revelation of the extent of agricultural traffic on California highways was made to the Interstate Commerce Commission by E. Abel, representing the Farm Bureau Federation at the San Francisco hearings. More than 12,000,000 tons of farm products are hauled annually over the highways of that state, Mr. Abel reported. This and other data presented are to be considered by the Commission this fall with respect to recommendations to congress regarding regulation of motor vehicles.

in the light six field stamps it as a leader in its price classification.

K. P. O. Players In Baptist Benefit

"Exercises and Applause" is the title of the amusing play that will be presented by the KPO players, Hugh Barrett Dobbs and L. A. Hancock at a benefit performance held under the auspices of Circle No. 1, Ladies Auxiliary of the First Baptist church, June 23 in the Lincoln school auditorium. Mrs. J. S. Walbourn, in charge of arrangements, announced yesterday.

Tickets are on sale at the La Moine drug stores at 50 and 25 cents each. Proceeds will go toward the building fund of the church and the patronage of Richmond is invited.

Mill Valley—Bridge across San Pablo bay connecting Contra Costa county and Marin county being considered.

WESTERN AUTO ABSORBERS IN GREAT FAVOR

There is only one great source of discomfort left in today's riding conditions and that is galloping. Small riles and depressions in concrete or macadam, even on so-called smooth highways will often cause the car to bob up and down with an uncomfortable, jumpy, see-saw action.

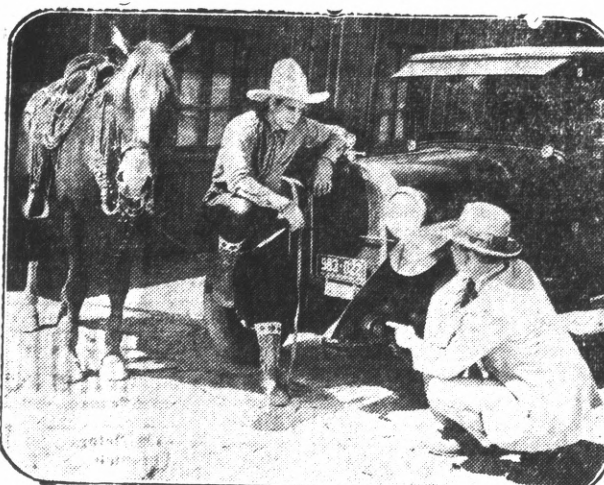

Hessler shock absorbers, according to R. J. Kelly, local manager for the Western Auto Supply company, have grown directly out of two important advances in motoring, namely balloon tires and softer springs. The new type absorber is as effective in cushioning the large bump as the small one and eliminates all "galloping."

"These absorbers are made to withstand the severest punishment and will give faultless performance for the life of the car without any upkeep expense. The new Hessler employs a new principle of smooth friction to the checking of the rebound and provides better readability. Heretofore a checking device which was adjusted for good results on unpaved roads gave a hard, jolty effect when subjected to the minor inequalities of the city boulevards. The smooth friction features overcome this and guarantees maximum riding comfort under all conditions.

One feature that Western Auto Supply company salesmen find that appeals to the car owner is the scaled construction of the Hessler. The only attention that it ever requires is an occasional greasing with the Alenite Zerk gun.

Los Angeles—Southern California Edison company to reduce electric light rates effective July 1.

No More 'Gallop' Now

A balloon tired car is supposed to be a great advance in riding comfort over the cow pony, but unless properly equipped it "gallops" almost as much. Tom Wells, Universal's newest western star and his horse cowboy listen to the Western Auto Supply company salesman explain the laudable "non-galloping" features of the Hessler absorber which is distributed by the Western Auto stores.

are recording the event. The success of their efforts depends a great deal on the cars that are carrying them.

Vibration and moving pictures do not harmonize. Cameras must be absolutely steady while they are being cranked to record the picture, otherwise when projected on the screen they will be jumpy and jerky.

It is a tribute to Buick's vibrationless qualities that Buicks were selected by Otto Stollberg, "Mike" Blanche and other news weekly camera men to carry them on this important event, declared C. C. Kratzer, Richmond Buick dealer.

The Pacific Tel. & Tel. company to establish telephone exchanges at San Juan Capistrano, Dana Point and San Clemente.

Gridley-Pacific Gas and Electric company laying gas mains in this place.

MARRIAGE LICENSES

William C. Adams, son of Mrs. F. J. Whitney, 203 South Third street, married Miss Maria Menendez Friday. The couple left at once for Sacramento for their honeymoon. Miss Frances Beeson, 19, and John Hutton, 21, both of Richmond, were issued a marriage license in Martinez yesterday.

MISS POWELL ON TRIP

Miss Elaine Powell of 1109 Macdonald avenue, a teacher in the Lincoln school, will leave today for a visit with her mother, who lives in Wheatland. On her vacation Miss Powell will also see Yosemite, Lake Tahoe, and Forest Hill.

"Rogues Gallery Of Bible" Subject Of Rev. W. P. Grant

A short series of addresses are being given these vacation days by Rev. W. P. Grant, pastor of the Point Richmond Methodist church on "The Rogues Gallery of the Bible." Judas Iscariot will be the subject of discourse today at 11 a. m. He presents a name and character shunned by all but has he had a square deal?

Marysville—Widening of subway under Southern Pacific Railroad tracks on B street planned.

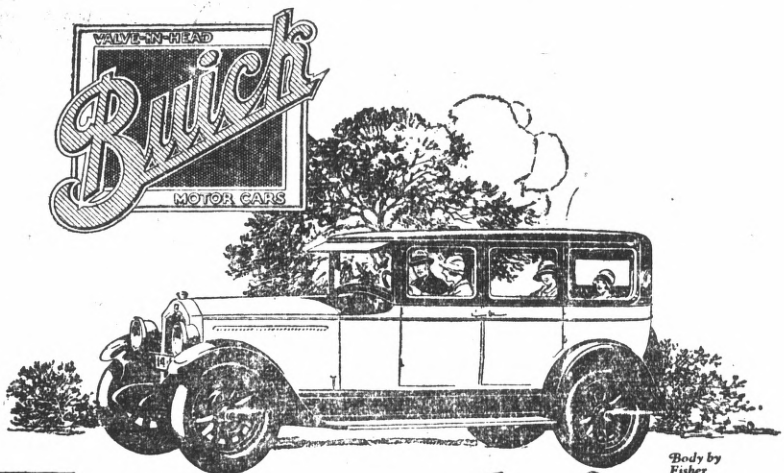

Interest Not Genius Is Our Greatest Asset

After one learns the garage business, granting, of course, that he possesses a fair share of mechanical aptitude, it is interest in the job at hand that makes it satisfactory to the customer who is paying the bill and keeping the doors open. We believe that our interest in each job and our desire to please is, more than any other thing, responsible for our success in giving satisfaction and we know it is our chief asset.

It takes nerve to lose a job rather than to be placed in the position of having to slight the work or lose money.

Everything a motor car can offer

Beauty Trim, graceful lines; charming proportions; rich Duco colorings; restful, tasteful interiors; upholsteries fine in appearance and in quality; the painstaking, enduring coachcraft of Fisher—Buick combines them all in a car of rare and unusual beauty.

Performance Buick's six-cylinder Valve-in-Head Engine is vibrationless beyond belief at any speed. It has power to take you anywhere, speed that eats up miles, and flexibility that makes driving amazingly easy, even in the thickest traffic.

Comfort Ample wheelbase and Cantilever Springs; carefully constructed seat-cushions, properly tilted at the most inviting angle; roomy, convenient seating arrangements—Buick builds comfort for driver and passengers into every car.

Economy Low fuel costs with the efficient Buick engine; only four oil changes a year with the Vacuum Ventilator; increased tire mileage with Balanced Wheels—these are examples of Buick economy. But Buick's justly famous dependability and long life provide the greatest economy of all.

Value Because Buick uses the earnings of leadership to further enrich quality; because Buick constantly strives for improvement; because Buick gives everything a motor car can offer—in greater measure, at moderate cost—it is the greatest value automobile dollars can buy.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

"unflagging performance and uncommon long life—these Oakland qualities do not change with the changing trends of motordom."

Body by Fisher

You may be intrigued by the arresting beauty of Oakland-Fisher Bodies or stirred by the car's spirit and dash when you drive. But once you become an Oakland owner, you will discover an even deeper source of satisfaction—unflagging performance and uncommon long life.... These are Oakland qualities that do not change with the changing trends of motordom.... for they result from the super-precision construction that is now the sterling Oakland tradition.

Oakland Six, \$1025 to \$1295. The New and Finer Pontiac Six, \$775 to \$975. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

OPPENHEIM IS ON THE SCREEN AT CALIFORNIA

J. Stuart Blackton, director of "The Passionate Quest" the Warner picture adapted from E. Phillips Oppenheim's novel, is famous in moving picture circles for the full and well-balanced casts of proven actors, always seen in his pictures.

"The Passionate Quest" Willard Louis is cast as Matthew Gardner, indurated seeker for wealth; May McAvoy as Rosina Vane, who seeks social distinction; Gardner James as an artistic and fiery dreamer. Brought up together, the three set out for London, each with a capital of fifty pounds. Among the people they meet by the way are Holmes Herbert as a writing-man; Vera Lewis as a siren wife; Louise Fazenda as a witty French modiste; Nora Cecil as the stern lady of the lodging house; Frank Butler as the likable Lord Reggie Towers; Jane Winton as the glittering leading lady; De Witt Jennings as a bullet-headed manufacturer; and Charles Stevenson and William Herford as the right-named firm of "Fossil and Bone."

This magnificent screen offering comes to the California theatre today, in conjunction with five big acts of vaudeville.

Other features on the same program include "Bad Breaks," a roaring comedy; "Fox News," Weigle's Californians, and Larry Canelo at the organ.

'JAZZY' LIVING IN NEW FILM AT RICHMOND

The home circle, heretofore considered proof against the encroachments of modern jazz mad living, is shown as succumbing to its wiles in "High Steppers," which will be the attraction at the Richmond theatre today. It is an Edwin Carewe production for First National. Mary Astor and Lloyd Hughes are featured.

The story is based on the popular Sir Philip Gibbs' novel, "Heirs Apparent." It traces the effect of high stepping on a modern, up-to-date family. The family is driven to the brink of ruin before a sudden realization of impending destruction sobers them. Mary Astor is cast in the role of the girl who gives up high stepping for level stepping and Lloyd Hughes, who plays opposite her, appears as the boy who gives up everything to win her.

Dolores del Rio, famed Castilian beauty, has an important role in support of the featured players in "High Steppers." Others in the cast are Alec Frances, Rita Soreau, John T. Murray, Edwards Davis, Charles Sellon, Clarissa Selwynne, Emily Fitzroy and John Stepping. Edwin Carewe directed.

Other film features include "The Salty Sap" a Billy Dooley comedy and "All Star Freaks" a screen novelty.

FIVE ACT BILL AT CALIFORNIA

Heading the five-act bill of varieties at the California theatre today are the K.L.X. Girlie Revue, a bevy of nine young beauties who present an offering of song and dance that is right up to the minute. An unusually entertaining picture program will be seen in

Pretty costuming and dainty are highlights of the revue with the very latest song and dance hits included in the repertoire of solos and ensemble numbers. Some novel terpsichorean efforts with appropriate effects of light and costumes are worthy of special mention.

"Thrills and Spills," a series of sensational acrobatic and equilibristic tests presents "The Three Idiots," an European trio of dare-devils. The lady member of the act is gifted with masculine strength, handling the two men with an amazing ease in a number of balancing and difficult feats. Grace and speed are the elements that are outstanding in this clever offering.

"You Can Do Better at the Ashby"

OUND values from sound policies evolve. That briefly accounts for the position of the Ashby Furniture Co. today—the largest exclusive furniture store in the east bay region.

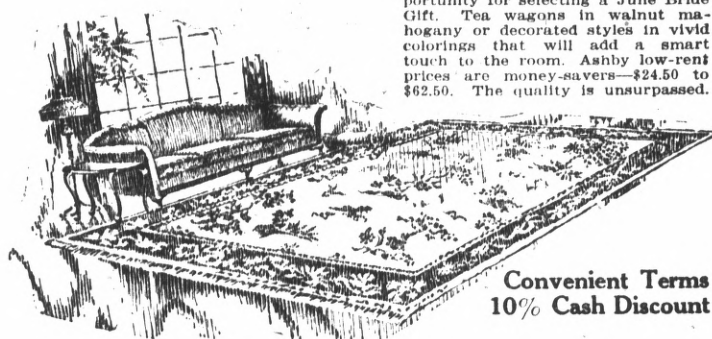

It has always been the policy of this store to sell dependable home furnishings at a fair margin of profit, every day in the year.

With our cost of doing business the lowest in the bay region because our rent and other overhead expenses are so much lower than other stores, we are naturally in a position to undersell all others. Take, for instance, the magazine rack pictured. It is in natural wood ready for decorating, and priced at only 50c.

Before you place any order for new home furnishing do yourself the justice of comparing Ashby prices with prices elsewhere. You will be convinced that you can do better at the Ashby.

Rug Values at the Ashby Are the Best Obtainable

Over 7000 square feet of floor space in our rug and carpet section, embracing the finest collection of dependable rugs and carpets to be found anywhere. Before you place your order see the Ashby's stock and study carefully our low-rent prices.

OUR beautiful collection of tea wagons offers a varied opportunity for selecting a June Bride Gift. Tea wagons in walnut mahogany or decorated styles in vivid colorings that will add a smart touch to the room. Ashby low-rent prices are money-savers—\$24.50 to \$62.50. The quality is unsurpassed.

FISH WINS 1927 STANDARD OIL TENNIS TOURNAMENT

Refinery Star Plays Steady Game to Annex Championship

Displaying the unbeatable brand of tennis that has carried him through the present tennis season without a defeat, L. S. Fish swept through his opponent, Allen K. Herman, to win the finals of the Refinery Tennis Tournament in their match played yesterday afternoon on the Point Richmond courts. The set scores were 6-3, 6-1, 3-6 and 6-2, and by virtue of his victory Fish retains his championship title, and also gains the first leg on the beautiful silver trophy donated by the local management.

The first set was marked by careful playing on the part of both players. Fish outdistanced Herman to take a 4-0 lead but Herman's powerful drive came to the front momentarily and he took three games in a row, but the effort seemed to tire him and he dropped the next two and the set.

The second set saw both players fighting for every point but Fish's superior court generalship brought him through with the loss of only one game. Herman made a determined stand to win the third set five to three and kept abreast with his rival in the fourth set at two all, but weakened under the strain of attempting to knock the cover off the ball, his drives always coming back from the racquet of his rival, who played with all the ease and grace of the polished player that he is. Fish ran off four games in a row to win the fourth set and the match.

The match was rather a disappointment to the large crowd of spectators, no sensational rallies taking place, but from a tennis stand point it was very interesting. Both players exhibiting strength in all departments of the game, neither player falling down on easy shots. Both of these players are top-notchers for the Richmond Tennis Club and hold their own in competition with other clubs in the East Bay, particularly Fish, who has not been defeated this year while representing the local club. The point score of the sets was as follows:

FIRST SET		Games
Herman	1 2 3 0 5 4 5 6 3	3
Fish	4 4 5 4 3 2 3 7 5	6
SECOND SET		
Herman	2 1 3 0 1 4 5	1
Fish	4 4 5 4 4 2 7	6
THIRD SET		
Herman	5 4 4 3 5 2 9 6 4	5
Fish	3 1 2 5 3 4 7 8 2	3
FOURTH SET		
Herman	1 7 1 4 1 2 3 0	2
Fish	4 5 4 2 4 4 5 4	6

The match was capably handled by A. S. Remell, assisted by a corps of lineamen.

RUTH WHITE IS DIVING WINNER

Miss Ruth White, 20-year-old Richmond swimmer, won the women's junior low-board diving championship of the Pacific Coast at a meet held Friday night at the San Francisco Y. W. C. A.

Miss White, who is the protégée of Ralph Kendrick, Richmond swimming coach and natatorium life guard, is the first Richmond swimmer to attain championship honors. By her victory she automatically advances to the senior class. The P. A. A. judges at the meet unanimously selected Miss White as winner of the competition.

Helen Zabriskie of the Fleischacker club of San Francisco was second.

The Richmond natatorium will be the scene of the senior women's low-board championships late next month. Miss White will compete at that time against Bunny Fergus, national champion at the event. The women's junior 100-yard swim will also be held in Richmond, with Misses Alice Bagley, Vernice Otten and Frances Pericome competing for the Richmond Girls' cup.

NO SHUTOUTS FOR YANKEES IN 57 GAMES

(By Universal Service)
NEW YORK, June 18.—The Yankees have travelled through fifty-seven games since the start of the season without taking a shutout from any rival club, being the only major league club that has not been kalsomined at least once since the start of the season.

They went through fifty-six games without having a player thrown out by an umpire but this distinction faded today when Joe Dugan became so demonstrative in expressing disgust for a decision by Umpire McGowan. Joe didn't have to travel far to the showers as his position is so close to the Yankee dugout.

Bing! Bang! Ben

THE WORLD'S BIGGEST baseball stadium wasn't big enough to hold Ben Paschal Monday when he went off on a hitting bee and socked two homers, a triple and a double, and played the major role in the Yanks' victory over Cleveland. Paschal missed a homer by a foot each time on his double and triple, these drives being terrific clouts that bounced off the right field screen. He made one homer off Joe Shaute, another off Benny Karr and a triple off Garland Buckeye, thereby showing his true democracy by bearing malice toward none and having a good, resounding clout for all. Bennie was rubbing for Bob Meusel and says he will pick up a bit if he gets a chance to play regularly.

ZUNI WARRIOR CUTS LEAD OF KAROOK INDIAN

(By Universal Service)

SCOTIA, Calif., June 18.—In a sensational dash Cochee, Zuni warrior, this afternoon cut the lead of Mad Bull, Karook Indian down to three miles in the 480 mile marathon along the Redwood highway to Grant's Pass, Ore. Mad Bull has been leading by nine to ten miles.

Mad Bull pulled into Scotia at 2 o'clock and rested for 20 minutes. When he was told that Cochee was right behind him the Karook took to the road again and began making tracks for Eureka, 23 miles away.

Cochee began his sprint late in the morning and passed Melika, his tribesman, who was a mile ahead. Cochee told his trainers that he was going on to Eureka tonight without stopping, and that he was going to take the lead away from Mad Bull, who has held it now for two days.

The race between the Zuni and the Karook for Eureka is one of the most sensational developments of the Marathon. Scotia is 270 miles out of Sausalito. Eureka is 23 miles beyond.

SANNIES STAGE RALLY TO BEAT RICHMOND ELKS

A thrilling finish as has been seen at the First street ball park in many a day, Phil Jones' fighting Sannies defeated the Richmond Elks ball club, 9 to 8, in a benefit game yesterday afternoon.

The Sannies went into the ninth inning trailing the Elks, 8 to 5, and after two were away staged a rally that gave them four runs and the ball game.

Ernie Barbieri, star Sannie third sacker, was the biggest hero of the day, his single in the ninth frame sending the tying and winning runs across the plate.

Rivalling Barbieri for starring honors was Walter Lane, former Standard Oil League star, who clouted the ball over the left field fence in the sixth inning with the bags loaded to start the Sannies on their way to victory.

The contest brought two all-star aggregations together, the Elks having in their lineup most of the outstanding players in the Standard Oil League, while the Sannies presented the club that has practically clinched the championship of the first half of the Three-C League.

The Elks took an early lead when they scored two runs off Carl Kamb in the first three innings. Roy Bliss, former Three-C League star, then twirled three cantos, the Elks landing on his offerings for four runs in the sixth inning.

Gene Wright, former Oakland and Kansas City recruit, then took the mound for Jones' outfit and was credited with the victory. Wright showed the Elks a real fast ball, striking three men out in a row in the ninth inning.

Kogler, who started on the hill-top for the Elks, held the Sannies scoreless for five innings. He was succeeded in the sixth by Gene Kersten, who promptly met disaster.

Bliss opened the eventful sixth by rolling out infield. Daley and Greathouse followed with singles and Biggs drew a free ticket to first to fill the bases. Sargin was then walked, forcing Daley across the platter with the Sannies' first run of the game. This brought up Walter Lane, who proceeded to slam one of Kersten's fast balls over the Mexican village beyond the left field barriers for a home run. Greathouse, Biggs and Sargin came home ahead of him on the hit.

With the score 8 to 5 against them, the Sannies made a determined stand in the ninth inning. Wright opened the inning by going out, O'Rourke to Autry, and Daley fouled out to Viani. Greathouse then started the ball rolling with a single, and Biggs walked. Sargin was purposely passed, filling the bases. Kersten then lost control and hit Lane with a pitched ball, forcing in Greathouse with the Sannies' sixth run. Amadee followed with a single to score Biggs with the seventh run for the Sannies.

This brought up Ernie Barbieri, who has done very little to distinguish himself in the hitting line this season. As an infielder there are few better than the diminutive Sannie third sacker. But when it comes to hitting—well, that is another story. Barbieri's hits so far this year have been few and far between. But he came through in spectacular fashion yesterday by blasting a

Some Boy!

EDDIE ROUSH, John McGraw's star outfielder (above) is the favorite ballplayer of Lucurgus McDowell, dubbed Casey Jones, locomotive engineer by night and announcer at the Cincinnati Reds ball park.

Sasey is one of baseball's most ardent rooters.

So interested is he in the career of Roush that he threatened to leave the Reds flat when they traded him.

Were it not for McGraw's ace who persuaded him to stay, Casey would have left the club, never to return again, when Roush left New York.

clean single to center to score Sargin and Lane with the runs that gave the Sannies the ball game.

Scorer—George Shaw.

Ed Sullivan's SPORT WHIRL

A GLIMPSE OF REAL NEW YORK
The pilot of the aircraft range, Col. Charles Lindbergh, is perhaps the greatest individual who have carried the tales of New York's heartlessness to the four corners of the country.

New York, based for its supposed heartlessness, and assailed for its blinding greed, gave the kid the greatest popular demonstration of love he will ever receive.

Lindbergh, arriving in New York, the modern Tower of Babel, found that New Yorkers could speak one tongue on occasion. The heart of a boy must have been overwhelmed by the heart of a great American city.

Every honor that New York could advise was lavished on the striking who had traveled the Atlantic wastes as easily as though a giant highway pointed the way to Le Bourget.

New York, the New York we know, is not greedy, or heartless, or lacking in soft sentiment. The city which New Yorkers are proud to claim is the city which clicked its heels together yesterday and saluted a clean, honest, fearless boy and his mother.

It is the New York that engulfed poor, battered Dempsey in sympathetic arms.

It is the New York that mourned Valentino and was merciful to Chaplin and Fatty Arbuckle.

It is the New York that over-subscribed every Liberty Loan and sent the cream of its man-power to foreign fields.

Lindbergh has been hailed as the ambassador who cut international prejudices with the sharp prow of his airplane; he showed America to the Old World in a new light. Perhaps he has shown New York to other sections of this country in a similarly different light.

Farrell will certainly be missed by Giant fans. Not since Frank Frisch came up from Fordham had the fans taken to any youngster the way they took to Farrell. He had the town by the ears. His rise was sensational. He was a pretty fair ballplayer while at the University of Penn., but even great college players have flunked when they hit the big leagues. Not so with Farrell. The minute he got a chance to play regularly he set the Hudson on fire. As HIS reward, children, and mark this down as a moral, he was traded to Boston.

DAD AND I

The Dog has caught the scent of a Fox. That hole in the bank over there is the Foxes den—there comes one now. See how sly he is! He leads the dog away from his home where the cubs are.

The father Fox leads the dog through the woods. As he can run faster than the dog he soon tires him out.

He then returns to the old den and he and his mate dig a new one.

The parents then busy themselves removing their helpless children to their new home before the dog gets back.

HEART TROUBLE
Marvelously Relieved

While visiting her daughter here in Oakland, Mrs. W. H. Morton of Stockton was in such great pain due to Heart Trouble that it affected her left hand. She could neither walk nor rest with the slightest effort. All the physicians whom she consulted expressed the opinion that she had not more than ten days to live. She truly seemed to be at the point of death when she heard her first package of the Fong Wan Herbs. It was cooked for her at home, and that night she had the first rest after many weeks of terrible suffering. After four weeks of the Fong Wan Herb Treatment, she was able to return to her home in Stockton. From that city she has sent the following testimonial to the Fong Wan Herb Co.

OWES HER LIFE TO FONG WAN HERBS
Stockton, Cal., March 21, 1927.
To the Fong Wan Herb Co.: I have been a sufferer with valvular trouble of the heart for some time. I became so ill that my doctors, who were many, gave me but a week or ten days to live.

I decided to try the Fong Wan Herb Co., and to the amazement of all who attended me, I was able to walk into their office after taking the Herbs one week, have now taken them four weeks and I not only have a good heart, but have also been helped in other ailments.

I cannot speak too highly of the Fong Wan Herbs, as I owe my life to them. I am very grateful to Fong Wan for his kindness.

New West Coast Plan Promotes Chain Spirit

Strange Light Mystery Spurs New Hunt For Missing Aces

(Continued from Page 1.)

rather have one ounce of Loyalty than a pound of Cleverness. Loyalty has been one of the principal assets that West Coast Theatres has enjoyed in the past. With Loyalty as the keynote we build an organization that will endure, and which will flourish on confidence, faith and co-operation. There can be no co-operation without Loyalty. "One for All and All for One" should guide us in all our contacts with one another.

There is a definite idea behind the plan in the operation of the theatres. We are striving to develop a West Coast personality throughout the organization so that each West Coast theatre may be recognized at once—because of its uniform service and high standard of operation. Every one in the organization must be mindful of our responsibility to the Public, and must reflect this policy in the operation of each theatre.

"And so this publication shall set forth West Coast policies in regard to service and other departments of our business, and through this medium we establish a closer contact with one another, we will be enriched and stimulated in our work."

Coaling—\$3,500,000 to be expended by Shell Oil company in constructing 10-inch pipe line from here to Taft.

Still at It

UP A POLE without a mattress for three days, Alvin (Shipwreck) Kelly, steeplejack, has five days more to complete stunt of remaining atop pole for eight days. He sleeps and reads "hanging on." He is shown above on his perch over the St. Francis Hotel, Newark.

(Continued from Page 1.)

Brothers plant is in another, almost opposite direction. His report was made to Assistant Chief Forester Richard Sedgwick. The report shows the direction accurately, but does not give any clue to distance. An attempt will be made, if the lights recur tonight, to use the compass in conjunction with another compass at the same latitude, and thus calculate the exact distance from civilization at which the strange light appears.

If under that test there appears a possibility that the lights could come from the lost flyers of the transatlantic plane, the searching expeditions will have a definite point for which to strike in their hunt. The details of the nature of the lights and all other possible information as to distance and direction will be communicated to the pilot of the hydroplane which is to leave Chitown today for the north woods.

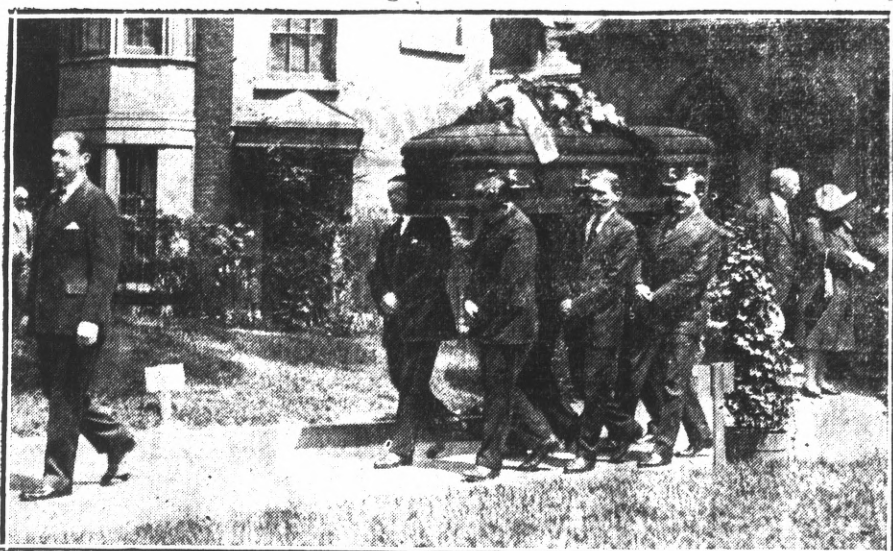

Coroner Wilson To Hold 2 Inquests

Two inquests into recent sudden deaths will be conducted by Coroner Aubrey Wilson tomorrow evening. One will be over the body of Mrs. George Martini, who committed suicide several days ago by swallowing poison at her home, 500 Pullman avenue. Dependence over ill-health is believed to have been the cause. The other will be into the death of Melverson Cummings, who was found dead in his bed at 132 Washington avenue. Death was attributed to heart trouble.

Final rites were conducted from the Wilson & Kratzer chapel this morning at 10 o'clock for Cummings, with Rev. W. P. Grant, pastor of the First Methodist church, officiating. Interment was in Sunset View cemetery.

BROMBACHER'S VACATION
Mrs. Charles Brombacher of Mira Vista, and children, Elton and Doris Jeanne, and Miss Ramona Benson, Mrs. Brombacher's niece, are leaving this morning for a month's vacation on the Russian river.

His Last Appearance

ROBERT HILLIARD, famous actor, was buried after funeral services at the Little Church Around the Corner, in New York. Photo shows his coffin being carried from the church. Hilliard was a famous matinee idol during the nineties.

NATIONAL PARK TOUR IS BEGUN BY CHEVROLET

Driving a Chevrolet Imperial Landau furnished by the Chevrolet Motor company, Harold Stanger, vice-president of the University of California, left Los Angeles Tuesday afternoon on an automobile tour of the national parks, according to Harry G. Golden, local Chevrolet dealer.

A. E. Demaray, acting director of the national park service, in a letter introducing Stanger to the various park superintendents, expressed himself as highly pleased at the plans for this trip which, he says, are bound to prove of great benefit in educating the public to the wonderful scenic features of these public playgrounds, and the possibility of touring to and through them.

The Chevrolet national park tour car will go first from Los Angeles to Zion National park, in southwestern Utah, and thence to the north rim of the Grand Canyon, stopping in passing the newest national monument at Pipe Springs. From the north rim and the great Kaibab Forest, where winter snowdrifts are still lying in the sheltered "canyons," the Chevrolet will visit Bryce Canyon and from there double back to Cedar Breaks, and thence to Salt Lake City.

From Salt Lake City the car will head east for Rocky Mountain National park, near Denver, and go from thence to Mesa Verde, where the most remarkable cliff dwellings to be found in the west are preserved under the supervision of the government.

From Mesa Verde the car will go to Yellowstone, and thence to Glacier National park, far up toward the Canadian line. West from there the Chevrolet will head for Rainier National park under the shadows of Mt. Rainier. Homeward bound once more down the Pacific coast, Crater Lake, Lassen, Yosemite, General Grant and Sequoia will complete the list of parks on the long trail of the Chevrolet.

A few years ago such a trip as the Chevrolet Imperial Landau is undertaking, would have been practically an impossibility, even for the most expert automobile driver. Today it is one that the feminine motorist need not fear, and which can be made in comparative comfort, and certainly in perfect safety.

The Chevrolet bears on its side and upon the spare tire cover at the rear, the designation "National Park Chevrolet." Nothing is carried in the way of special equipment, except a pair of chains, which very probably will not be used. No extra gasoline, oil or water will be carried, while excellent accommodations along the route make camping an alternative that will only be used from choice and not from necessity.

The idea of the trip was recently conceived by R. H. Grant, vice-president and director of sales of the great Chevrolet company, and is being sponsored by Chevrolet with the sole idea of its educational value and the encouragement of vacation touring to the nation's great scenic playgrounds.

ATTENTION! KNIGHTS OF PYTHIAS

The members of Richmond lodge No. 13, will attend the district convention at Crockett, June 20. We will leave Pythian Castle at 7 p. m. All Knights are cordially invited to come.

That New Chandler Eight

CHANDLER '8' AND VICTORIA MEET FAVOR

The new victoria coupe of the Chandler Royal Eight, which has just been received by George Olson, local agent for the Chandler and Oakland-Pontiac automobiles, is creating a great deal of interest in Richmond automobile circles.

Everybody who sees this new Royal Coupe instantly exclaims about its beauty, its ultra-modishness and about the gratifying richness in the way it is appointed and upholstered. The interior is finished in rich silver-gray mohair with the optional choice of broadcloth. Appointments include beautiful bronze finished hardware, a vanity case, smoking set, heater, silk shades on rear windows and silk toggle grips. The instrument board is circassian finished with bronze panel and includes the same individual features, such as electric clock, and cigar lighter featured with the Eight Sedan.

When the party is four the pullman seat which folds under the cowl when not in use, can be called into service. Small parcels and luggage find storage back of the driver's seat, as well as in the spacious rear deck.

The new Chandler Royal Eight sedan is also an attractive car, and should find a ready market here.

The new eight is constantly being pointed out and admired for its charming and aristocratic design. It sets itself strictly apart from the commonplace standards. Here is the supreme embodiment of everything fine and appealing in a beautiful sedan. It is lengthy, low to the ground and enticing in its rare beauty.

This creation possesses all the attributes of custom-built coachwork. There are no shabby corners. Even the window shapes conform to the contour of the roof, which features metal rear and quarter sides, with integral sun visor.

Interiorly this eight is lavishly equipped and appointed with every luxury, every nicety, every comfort you could ever conceive in a car. The deep, high-backed button seats are upholstered in a beautiful shade of superfine silver gray mohair. Champagne DeLuxe

FINAL TEST IS MADE OF PLANE FOR LONG TRIP

(Continued from Page 1.)

wait until further flights.

"Mystery Passenger"

The identity of this person will not be revealed until just before the plane takes off.

Some persons say it will be Lieut. Bert Balchen, former Norwegian naval officer who helped Byrd on his North Pole flight. This is a mere guess based on the fact that Balchen has been seen around the field a great deal of late.

Another guess is that the man will be a photographer but that is countered by the announcement that George Neville, who with Bert Acosta will make up the crew will take both motion and still pictures on the flight.

Pictures! Plenty!

Neville says he will film everything worth shooting at, cloud banks, ice bergs, the last sight of land and the first glimpse of Europe as well as any ships they may see on the way.

Neville has been practicing a lot with his cameras lately. Floyd Bennett, who was prevented from accompanying Byrd because of injuries received in a plane crash two months ago, visited the field today.

He and Byrd had a long talk about the coming flight and later Byrd said:

Bennett is getting along all right now. He will be my second in command and maybe a co-commander on my south pole flight two years from now."

Ranff, Canada, is the destination of Mr. and Mrs. J. D. Bates, 635 Twenty-second street, who left yesterday morning. They expect to be gone for three weeks.

TURNERS LEAVE FOR OREGON

S. E. Turner and family of 3743 Cerrito avenue, left this morning for a tour of Oregon and Washington. At Seattle they will visit with one of Turner's brothers, whom he has not seen for 20 years. E. L. Turner, father of the local man, will accompany them on the trip.

MRS. MOORE UNDER KNIFE

Mrs. Floyd F. Moore, of 732 Barrett avenue, is recovering from a major operation, performed last Thursday at the University of California hospital. Mrs. Moore's friends hope for her speedy recovery.
